Aloha Chair Anderson and Zoning & Planning Committee members,

*RE: Ewa Development Plan / Haseko's Project*

I support Haseko's decision in building a recreational lagoon as an alternative to a marina on the Ewa Development Plan, and request that you recommend this change.

Haseko has briefed our group on their plans for a lagoon and I find it is a better alternative to a marina. The plans for a lagoon call for a cultural center that will tie in better with Kauhale Preserve. Families will be able to learn about the history of the area, learn about native birds all while enjoying the protected swimming areas.

The lagoon also offers a new place for flatwater conditions for learning and practicing canoe paddling, and other ocean sports. Definitely a better alternative for my family, so we are asking that you give your approval of this project.
